

Information on personal contribution and additional workbooks

Dear parents,

you are aware that some of the textbooks are provided by the school, so-called "loan copies". These must be returned to the school clean and tidy at the end of the school year.

1. learning materials on the school booklet, which are to be provided as part of the personal contribution, are provided free of charge by the school if the following conditions are met.

Pupils move in on August 1 of each year

- Leistungen nach dem Asylbewerberleistungsgesetz (Benefits under the Asylum Seekers Benefits Act)
- Sozialhilfe (Assistance with living expenses under the third chapter of SGB XII - Social Assistance)
- Bürgergeld (Citizen's allowance under Chapter 3 Section 2 SGB II - Basic income support for jobseekers)

If one of these points applies to you, please hand in the notification from the job center or social welfare office to the school immediately!!! The school books or workbooks will then be given to your child free of charge by the school. School books remain the property of the school and must be returned to the school clean and tidy at the end of the school year. Workbooks become your property.

Please make sure that the approved benefit period includes August 1 of the respective year and that the complete notification is submitted. If you submit a provisional notification, the personal contribution for the coming school year will be conditionally waived. The final decision must be submitted to the school office immediately upon receipt. If you no longer meet the above-mentioned requirements after the decision has been checked, you are obliged to pay the corresponding personal contribution. You will receive a separate request for payment.

The personal contribution is reduced by half for the third and each additional child if at least three children from the same family attend a school and this is proven by submitting a non-formal certificate from the respective schools. To take advantage of this reduction, please submit the original certificates and proof of purchase to the school by approx. four weeks after the start of the school year. The amount will be transferred immediately by the district of Elbe-Elster (school authority) to the account you have specified.

2. workbooks that have to be purchased in addition to the personal contribution can be applied for as additional requirements from the responsible authorities.
